ARCHIE GETS ADOPTED TO A GREAT HOME!

A RCHIE IS ALREADY IN HIS NEW

HOME. His new owners are previous adopters and have lots of ferret experience to care for him in every way. We thank all those who were willing to adopt Archie as we received many, many applications and enquiries. Many wonderful ferret people were stepping up to give Archie the best love. We know that he will do very well in his new loving forever home and we look forward to many pictures of him as he grows into a great ferret!

SAVE THE PLANET! And save the animals too!!

Morning Starr would again love to thank all the employees at Polymicro Technologies, in Phoenix, AZ who are doing their part to benefit both the environment and the animals by sending in their used inkjet cartridges and old cell phones.

Morning Starr has been earning cash by participating in the FundingFactory Recycling Program. They collect empty laser and inkjet cartridges and used cell phones from the community and send the waste products to FundingFactory in exchange for cash. Companies interested in demonstrating a commitment to the environment can participate free of charge in the FundingFactory Business Support Program. FundingFactory will send each supporting business FREE prepaid shipping labels for the return of collected cartridges and cell phones. By donating to Morning Starr Animal Sanctuary, it helps us earn the funds we need. To learn more about supporting Morning Starr Animal Sanctuary or drop off sites in Phoenix, please contact **Lorraine** at Lorraine.Adams@molex.com. For more information, visit www.FundingFactory.com, or call, toll-free, 1.888.883.8237.

FundingFactory has been supporting schools and nonprofit organizations since 1997 through its unique recycling program. To get started, visit www.FundingFactory.com or call toll-free 888.883.8237. Tell them you want to start collecting for Morning Starr or just give them our organization I.D.

Our organization I.D. is: 124528

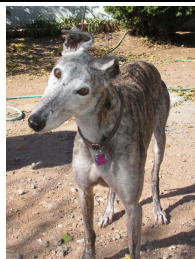

FERRETS DO NOT STINK!

Ferrets smell like ferrets, just as dogs smell like dogs and cats smell like cats. Neutered ferrets do not have the heavy musky smell than an intact ferret will have. Properly kept (in a clean environment with proper food, litter and frequently washed bedding), ferrets have only a faint musky odor that many owners appreciate.

Greyhounds

Woofy is a sweet older girl who has lots of love for her new family. Please make room for her in your heart! If you are interested in adopting Woofy or any of the other greyhounds please contact:

Greyhounds of the Verde Valley, Inc.
P.O. Box 4453
Cottonwood, AZ 86326
Monica 928-646-3467 or Donna 646-3467

Many ferrets for adoption, here are just two!

Liberty, a white albino about 2 years old. He is for adoption with his pal Ashley, a black sable, who is also 2 years old. Very friendly and love other ferrets!

UPDATE ON BRANDY!

She is gaining weight and is walking, and even running, much better. As you can see her front hooves are nicely trimmed. She is enjoying her new friends and even has a bit of an attitude. She is definitely showing some personality. At her vet visit she had her teeth fixed up with some very high tech tools, ooh..., her hooves trimmed again and she was given a complete checkup all over. The vet was very happy with how she looked and said she is doing great! Thank you to all those who made donations to help pay for her special feed and her vet care etc. Brandy will stay at the sanctuary as she is too old for another change. Any support for her is appreciated!

Shop at the Country Supply website: www.countrysupply.com and they will donate a percentage of your purchase!

Simply enter our Care Code when you complete your order.
Our Care Code: AZSLI

THERE IS NO PRICE YOU CAN PAY TO PROTECT AND SAVE A PET FAMILY MEMBER. IT'S PRICELESS.....

HAVE YOU PLANNED FOR YOUR ANIMALS?

One of our supporters reminded me how important it is to make plans for our animals in an emergency, meaning if we are disabled or pass on and are unable to care for them. It is important to plan now and not wait. Here at the sanctuary we have put a plan in place for each and every animal in our care if something should happen to us. If we can plan for over 50 animals then it shouldn't be too involved for someone with less pets. Make sure that you have specific instructions, in writing, and make sure your family members or a good friend has a copy.
