Newsletter

This Newsletter is Dedicated In Loving Memory of Martha "Marty" Peel

We want to dedicate this newsletter to Marty Peel who passed away on June 23, 2009. She lived for some time in Cottonwood, AZ and a couple years ago moved to Texas to be close to her family. While she lived in this area it was a pleasure to know her and her family who love animals and helped Morning Starr in with supplying feed and visiting the animals. She loved a good garage sale and always had a story about her life which involved living all over the world. She is missed by her 2 sons and their wives, 4 grandchildren, 3 great grandchildren and of course her many friends of which I considered myself one.

We hope to start the Spay Neuter Assistance Program again in about one month. It will be called The Bob & Martha Peel Spay Neuter Memorial Fund.

Watch for announcements of SNAP in local papers, your veterinarian's office and in future newsletters.

Martha Peel,
Born on August 3, 1924 in Newark, Ohio and entered into rest on June 23, 2009. She was living in Nacogdoches, Texas.

PARKER THE SPECIAL PUPPY ARRIVES AT MORNING STARR

Parker is a black lab mix who arrived at Morning Starr at 2 weeks old. Working together with Golden Bone Rescue we are looking for that extra special home. His mom died while giving birth and he is the only surviving puppy in the litter. He is just a little miracle puppy. He is now a great looking boy who is looking for that forever home! He "goes" on the puppy pads and cries in the night to go out. He loves people and likes lots of attention. He plays well with other dogs and cats who are patient with him. He answers to his name, which could easily be changed as he is so young. If you are interested in adopting Parker please go to our website and fill out an adoption form or contact Nadia at Golden bone at 928-567-5555.

Emma the calf will stay with us!

It has been very difficult to know for sure that the people who would be willing to adopt Emma the cow will not eat her. We had a home that we completely trusted but it fell through for very responsible reasons. After talking with a farm sanctuary in California to get some advice they recommended to just keep her at the sanctuary if she would bond with the horses here. Well she took to them right away and they to her. So here she will stay where it is safe. She is weighing in now around 300-400 pounds and growing every day. We had to do a little adjusting on the pasture and thanks to some corral panels being donated, thanks Silvia, it took no time at all to find the places where a cow could get out and put up the corral panels. We could still use corral panels, old, rusty, dented it does not matter. We never know when we will need them. We will pick up too!!

IN LOVING MEMORY OF LINDA NICHOLS

It seems that we are losing some great people lately. Linda always worked tirelessly as a volunteer for retired greyhounds, of which she had 4 herself. She made a great coat for our dog Bailey and it was so nice and warm it was used for Emma the cow when she was smaller. Linda worked so hard for the Greyhounds and made most of the coats that you see them wear. She was a big part of our annual Santa Paws Event every year. She will be greatly missed by so many. She is survived by her husband John of 49 years. Linda was born Sept. 1, 1942 and left us on July 8, 2009.

We miss you Linda!

Greyhounds

There are many Grey's under one year old for adoption! All are wonderful Grey's who are looking for a family to love them. Please consider one of these guys!

Mitzie the Ferret At the Rainbow Bridge

Mitzie was with us at the sanctuary since 2005. She was 4 years old when she arrived. She left us to rest in August of 2009. She was a lover who liked to bite noses. She will be missed.

ADOPTED AT LAST!!

MIDAS, our Norwegian Dwarf Goat is now in his forever home. He has a girlfriend, Ginger, who he will be able to play with as soon as he is feeling better from his neuter surgery. Morning Starr paid for his neuter so he could go into his new wonderful home. We tried but we could not find a vet in this area who would neuter him. They just don't do goats. That surgery would make him a lot less smelly and then he could have a girlfriend without producing any babies. We are very thankful for the new owners who were willing to help him through this surgery. They report he is doing great and has really settled in. Good Luck Midas, we miss you and your smell.

MORNING STARR HORSES GET DENTAL WORK DONE!

Care For The Horses, a horse rescue in Sierra Vista, AZ, was given a grant for dental work for equines. They already had all their horses work done and had some left over funds which had to go for dental work for equine. Well, I was about to book some teeth floating for our horses when I read about their grant and their willingness to share. Wyatt (a senior horse) had his teeth floated and checked. He was in pretty good shape. Peanut Butter (a senior horse) had his teeth floated and his front teeth had to be filed down to make them fit better

for proper chewing. They both behaved very well for the vet. **THANK YOU, Care For The Horses!!**

There is a cool way to raise money, every time you shop online or search the web, and I think you should check it out:
