SPAY NEUTER CLINIC MAKING PROGRESS!!

We are proud to present to you the first picture of the future low cost spay/neuter clinic! We have lots of work to do in order to get the building ready but we are up to the challenge. Thanks to the wonderful support of the community our Board of Directors, our volunteers and many rescue groups in the area, we are making progress. Donations of equipment and supplies from Adopt-for-Life Center, Jerome Humane Society, Habitat for Humanity and Sedona Paint Center have really helped to get us going! Monetary donations from the community in memory of loved ones and loved pets is also helping. We are thankful for all the help from Red Rose Inspiration for Animals and the "wish list" printed by The Flagstaff-Sedona Dog Magazine. Also for the ongoing help from Sedona Copy for printing our newsletters. Dewey's Plumbing have been a wonderful asset as well as guidance from Dr. Jerry Oler from Cornville Pet Clinic. We are still looking for an oxygen tank, an autoclave, spay packs and gently used vet equipment or funds to purchase these things. We encourage the community to support this much needed asset. If you would like your name or the name of a loved one on our donation plaque please send a note with your donation or check the box on the page 4. For the sake of the animals please give generously and together we can stop the unnecessary killing of unwanted, neglected and abused dogs and cats by preventing these litters from being born.

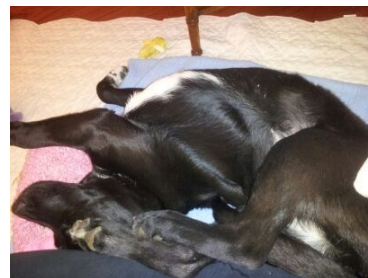

Give us a call and set up a time to come by and see our progress! For more information on the clinic or how you can help please call Fran @ 928-821-2420 or email fran@morningstarr.org

MAGGIE'S CORNER

Maggie's sister Nelly passed away on June 16. Some may remember her story in our newsletter from Nov./Dec. 2011. She was diagnosed with kidney failure at only a few months old. This is some of what her owner said. "Although she only lived for a little over a year, this last year has been so much better because she was in it.

I was so lucky to have her in my life. Thank you. I attached a picture of her camping. She was sleeping with me in the tent and I took that picture (above) after she tried to lick my face off in the morning! I sure did love that dog. Things just are not the same around here without her. The other picture is how she liked to sleep...all twisted up like a pretzel. She made me laugh."

We loved you too Nelly, since 3 days old.

OUR GRANT FROM THE ASPCA WAS GREAT!

Thanks to a very generous grant from the ASPCA we achieved 18 spays of female cats, 7 neuters of male Cats, spayed 20 female dogs and neutered 18 male dogs, so far. I have applied for more grants but they do take time but we are thinking positive and hope to offer more assistance very soon. That is why it is so important that we open the new low cost spay neuter clinic. If one day we have spayed and neutered enough of the dogs and cats in the area that the only way to get a dog is form a breeder, I will be very happy! My dream is that every dog and cat in a home is one that has given much thought about before getting. That families have only the dogs and cats that they can financially afford to take the very best of care. Is part of the family and very much wanted. Where people can pick a family pet without the pressure that if they don't give it a home, it may be euthanized. I will be ecstatic when I don't hear the words "I need to get rid of this dog/cat or these puppies or kittens"

ever again. When organizations like Humane Societies and Animal Control will be a resource to find a missing dog and that is it. I believe it can happen with our new low cost spay neuter clinic and continuing to apply for and receive grants to this end.

GRANTS

WE ARE THEIR VOICE.[®]

WHAT A BEAUTY!!

Ginger is a beautiful, year old German Shep mix with a sweet, gentle and timid disposition. She's shy and skittish with strangers but when she warms up she is a cuddling bundle of devoted love. She is sensitive and would prefer a calm and gentle family. She's still a pup and has lots of energy for walks, hikes and at - home play. Ginger is good with other dogs and approaches them respectfully. She loves children and wants to stick close to her people. She has spent very little time outside her home so is lacking in social skills but she is learning and starting to enjoy a more social life. Ginger is looking for a home that will work with her gently and help her feel more secure in the great-big world. She is good with kids and other dogs but has not been around cats. Spayed and current on shots.

Be Humane

Neuter or Spay

The SNAP Program is on HOLD

Until we open the low cost spay neuter clinic in Cottonwood our SNAP program is on hold. Once the clinic opens we will be able to help the community with more spay/neuters and more assistance for those who need it!

DON'T BREED OR BUY
while homeless animals die®

spay / neuter your pets

ANIMALS STILL IN OUR CARE

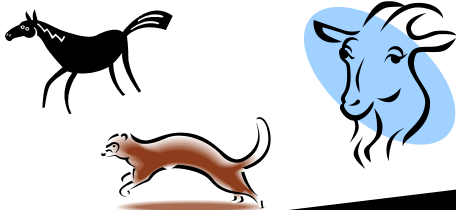

Changing our focus to our new low cost spay neuter clinic means that we are no longer taking in any animals. We still however have some animals in our care. We have 2 senior horses, 1 senior potbellied pig, 1 senior ferret, 1 senior cat and 5 very senior dogs that are in permanent foster care. These animals will live out their lives with the best of care that Morning Starr can give and be loved until the end.

**We are a 501(c)(3)
all-volunteer organization.
All contributions are
tax deductible.**

Raise a penny (or more!) for our organization every time you search the web. www.iGive.com/MSAS is the internet's first online search engine and shopping mall where a penny or more per search and a portion of each purchase is donated to your favorite cause. Over 800 of the web's best stores participate in this free program, and up to 26% of each purchase benefits our cause.

There is a cool way to raise money, every time you shop online or search the web, and I think you should check it out:
