Let's See... What's NEW This Month.. ummm.. Not much really, except for the fact that OUR NEW "AFFORDABLE" SPAY/NEUTER CLINIC IS ALMOST DONE!

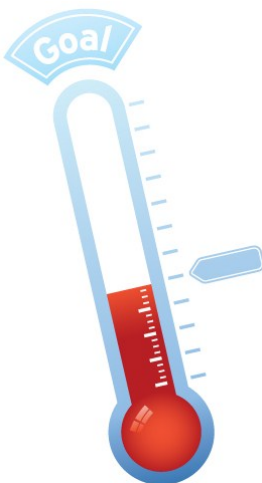

We have been working on the renovations everyday! I cannot thank our board members and our volunteers enough for working in this heat since June. The donations from the community, the medical community and the rescue groups is awesome and beyond words to thank them for coming together to make sure we reach our dream. Though we still have a little ways to go and will still need the ongoing financial support of the community, we will soon have a spay neuter clinic that is affordable to all and there will be no one turned away. We are just putting the finishing touches on the building renovations and stocking supplies needed to get this project on its feet! We are still working out the smaller details about how we can keep our costs as low and affordable as possible. Not only for the community but for the rescue groups in the area also. As soon as we are taking appointments we will announce the clinic days in the Ad King and other public announcements.

Again, we are very thankful for all the volunteers and donors who have helped us to reach our new goal to make a difference in not only the dog and cat population but to help family pets with behavior and health problems that come from not being spayed or neutered. It would be impossible to mention all the people and the rescue groups in the area who have helped us. So we just have to say thank you to those who know who they are!

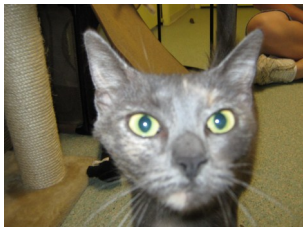

We are very excited and we love to have people visit while we are working on the clinic as it makes us take a break and enjoy the clinic too. Oh! We will also be offering vaccines at more affordable pricing.

Come and feel the excitement that we feel.

Our address is 257 Justin Dr., in Cottonwood. We don't have any set hours yet so if you would like to call first that would be fine. 928-821-2420. See page 3 to see how we are raising more funds!

THESE PRECIOUS ANIMALS NEED A LOVING HOME!

Mama cat is about 8 months old and is very sweet. Pictured are Mama and her three kittens. Two are girls and one is a boy. Mama has raised them very well. They are now ready for their new home! Morning Starr will help with their spays and neuter when they are ready. They can go to approved homes before they are spayed but they must be spayed when they are ready.

They are too cute and are about 9 weeks old now and would love to play and romp with your family as soon as possible. They have been raised with love and look forward to giving lots of love back.

They are free to a good loving homes. Would prefer them to be indoor cats.

Also Pictured below is meadow she is about 4 years old and is a big lap dog she is happy and friendly loves to chase birds and is trained but would need someone who has patience and understands dogs and that she was beaten by a man and has come a long way with her trust issues with men since she has been with us and I love her but I have 11 of my own at home and just cant take anymore home, she is happy with us at the kennel has her own pool and lounge chair and a lot of toys but I would love to see her with the right person in a home. She does get along with other dogs here, at Canine Country Club, but would need to be trained with other dogs with food and toys if brought into a home with others, she is good with my nephew who is 8 years old. And the cats are curious to her but she has never hurt Fred our kennel cat, but don't tell him because Fred doesn't know he is a cat.
