## MAY AND JUNE ARE MICROCHIPPING DISCOUNT MONTHS

At Certain Times You Wish Your Pet Could Talk

It's that time again! For the months of May and June we are offering Microchips for you pets for only \$15.00! What, that is crazy, so cheap! Yes, it is because we know that summer is around the corner and pet owners will be traveling with their pets, playing outdoors more, visiting dog parks and STUFF HAPPENS! We want every pet to be safe and be able to return to the owner as soon as possible. The only way you can ensure that this happens is to Microchip them. Dogs by their very nature have characteristics that make wondering common. Both are highly curious by nature. Even though family pets cannot talk you have the power to provide a silent voice to your best friend by Microchipping them.

Collars and tags are good but both collars and tags may be removed or get lost.

It only cost \$15.00 and there is no annual fee. When we implant the microchip in your pet it automatically includes registration into the PetLink Database for the life of your pet.

PetLink gives you real peace of mind. Thanks to PetLink registration and reunification system thousands of pets are reunited with their owners each year.

We can microchip your pet at our spay neuter clinic.

You *must* book an appointment  
so call us at 928-821-2420  
and get your pet safe today!

## **"DOG DAYS OF SUMMER" CLINIC HOURS**

Because we are an all volunteer organization we have many retired helpers. Our helpers, Vet Techs and our Veterinarian are essential to making sure that our animals get the best of care. During the summer months many of our volunteers are leaving the state for cooler places. That means that we may NOT be having any spay/neuter clinics during the months of June, July and August. If we can contract certain veterinarians we will have maybe 2 to 3 spay days. We will however be taking names to put on our waiting list, which at this time is very short. Make sure you get your pets on our list, especially those Pitbull or Pit mixes that are done for FREE (155 so far, fixed for free). Even if they are only 6 weeks old please call to get your place on the list so we can get you in as soon as we are back at full strength in August! We are sorry for any inconvenience that this may cause but we know that everyone needs a break. Because we will not have a Veterinarian during those months shots may not be given either.

We are still able to do microchipping and nail trims. Just call and make an appointment and we will be happy to help.

Clinic Hours may vary, please call ahead to see if we are there.

Monday	8am—12pm
Tuesday—Thursday	8am—11pm
Closed Friday, Saturday and Sunday	

## EMERGENCY MEDICAL FUNDS NEEDED FOR PUNKY!!

This is a picture of an older dog named Punky. He has been living with this large growth for some time. He came into our clinic for vaccines and our Veterinarian explained to the owner that he felt he could remove the growth allowing Punky to have a more normal and much more comfortable life. The owner, a senior woman, did not have the money to have it removed so it was growing bigger very fast. Here at the Morning Starr Clinic we offered to do the surgery for Punky, at no cost to the owner. We would try to recoup funds later. The growth was growing fast and the skin was very irritated. This needed action now!

So our Veterinarian, Dr. David Burnett, removed the growth, cleaned an old wound on his head and also gave Punky a nice little dental to clean up his teeth.

We are asking animal lovers like you to donate to Punky's surgery and dental so that we can still keep our spay/neuter pricing low and then be able to help other animals that need assistance in the community. We are just looking to recoup around \$250.00 for surgery and dental. If you would like to donate to this surgery please write, for Punky, on the check memo, or you can donate using paypal at our website,

[www.morningstarr.org](http://www.morningstarr.org), on the home page. You may also leave an envelope in our locked mail box beside the door at our clinic at 257 Justin Dr. Suite A in Cottonwood, follow the paws. Snail mail is fine too to this same address.

This is Punky one week after surgery in for a check up and without that growth weighing him down. He looks great and we would love to offer this service to other pet owners at our clinic but we must replenish funds from this first. With your help we can help other pet owners. Please help us to help others like Punky!
